Your letter to Mr. McCone, dated June 3, 1964, and attached brochures have been received and are being circulated to the several points of possible interest within the Agency.

I can only say at this time that your materials are of interest to several of us, and we will give them a thorough screening, both for direct applications and for broader and more long-range studies. You will hear from us within a few weeks on this.

Very truly yours,
